We had the following work done to the exterior of our house. We demo'd the sidewalk and

put in a new sidewalk and front patio area. We covered this with a slat-roof patio. On the back of the property, we replaced our existing deck with new material, as the old was rotting. There are 3 sets of stairs leading down from the patio to our backyard. We also covered one side of the patio with a pergola. And finally, on the north side of our house we

Lot:

covered a section of our driveway where I park my truck.
