**2040: Sustainable Government**

---

### Introduction:

The purpose of this agenda item is to seek approval from City Council for purchase of:

- (1) Pierce Velocity 107' Aerial Quint
- (1) Pierce Enforcer Rescue Truck

Both vehicles were procured through BuyBoard Purchasing Cooperative #651-21 from Siddons Martin Emergency Group for the replacement of existing fire trucks.

### Background:

To operate a clean, efficient, and reliable fleet, Public Works sets an initial life expectancy on all vehicles & equipment introduced into the fleet. During its service life, each vehicle & piece of equipment is subject to close monitoring of availability, operating cost, accumulated miles/hours, condition, obsolescence, and the ability to perform required tasks. The vehicles being replaced have reached the end of useful service life and it has been determined that replacement is necessary.

### Benefit to the Community:

Replacing the City's fire apparatus utilizing a replacement schedule will maintain the fleets dependability and reliability to save lives, protect property, and minimize environmental impact for our community.

**Legal Review:**

The Procurement Division has reviewed the documents and determined that this is an appropriate method of contracting with the vendor.

**Fiscal Impact:**

The fiscal impact of this agenda item is \$3,163,740.00, as provided for in the Capital Replacement Fund.

**Recommendation:**

The Public Works Department recommends approval of this purchase.
