**Subject:** Re: Resignation

All,

It is with sadness that I tender my resignation as a CRDC board member. I have enjoyed serving with all of you on the CRDC and in helping to make Coppel even better.

Effective Feb. 1, I accepted a position supporting AT&T's new advertising and data analytics company, which is based -- wait for it -- in New York City. Kim and I will be relocating to NYC soon and I will be traveling back and forth in the meantime. They tell me NYC is just like Arkansas and North Texas, so I look forward to it, assuming my hillbilly visa is approved. More seriously, this is a great professional opportunity for me and we are both excited about exploring the City. My best to all of you. The CRDC is a great volunteer board serving the citizens of Coppel and I look forward to seeing what it accomplishes in the future.

With best regards,

Larry E. Jones
