### General Information:

- The current Precor Ellipticals in the facility were purchased in 2012 with the building expansion.
- Precor recommends beginning replacement at 7,500 hours. Our Ellipticals currently have an average of 10,775 hours on them. 7,500 hours is based on the equipment being in use on average 4 hours a day for 5 years.
- The new console units will also have updated software allowing streaming video services such as Youtube and Netflix, as well as future updates.
- The new consoles also allow users to link via Bluetooth to each machine for a personal login experience.
- Each unit comes with a 1-year full warranty on parts.
- New cross ramp design allows for easier and more preventable maintenance, which should cut down on our yearly maintenance expenses once the warranty has expired.
- Precor has been chosen over other companies as they are rated as the top elliptical unit in the industry.

### Introduction:

With facility-wide attendance over 230,000 each year, the fitness center at The CORE is heavily used by the residents of Coppell. Each year, staff plans and budgets for the replacement of fitness equipment on a rotating basis, so that the equipment provided is well-maintained and is in keeping with the latest technology.

**Analysis:**

Marathon Fitness is the recommended vendor due to their competitive pricing and excellent customer service. The fitness equipment included in this year's replacement includes:

- Eight (8) Precor Ellipticals
