Executive Summary:

Norwex USA, Inc. opened a second facility in Coppel in 2018. This Tax Abatement Agreement is for that facility. The 5-year agreement is for a 90% abatement on the business personal property located at 220 N. Freeport Parkway.

Introduction:

In 1994, Norwex began in Norway. The company produced personal care and cleaning products with a radically reduced amount of chemicals. In 1995, Norwex entered the home party market in Norway and grew dramatically. In 1999, Norwex expanded to Canada and the United States, and by 2010, they were selling products worldwide.

The company grew rapidly and outgrew their former space in Addison. After a long search, Norwex decided to move their U.S. Headquarters and distribution center to 800 W. Bethel. They are occupying 143,000 square feet of space at this building. In 2018, Norwex's sister company, EMP Manufacturing, leased approximately 212,980 square feet of space at 220 N. Freeport Parkway. Norwex subleases approximately 150,000 square feet of that space.

Analysis:

Reinvestment Zone 91 was created in 2014. This 5-year, 90% abatement will be applied to the business personal property for Norwex USA, Inc. at 220 N. Freeport Parkway.
