**Subject:** P&Z Resignation

Gary,

Please accept this email as my official resignation from the City of Coppell's Planning and Zoning Commission. As you may have heard the law firm of Curran Tomko LLP is winding up and dissolving. This occurrence although stressful, has proven to present a variety of new opportunities. And to that end I have accepted a position with the State Office of the Attorney General (Environmental Protection Division) in Austin. Those that know me well know how excited I am about this opportunity! However, it also requires a move to Austin, which saddens us as we will miss our friends and the City of Coppell, which is by far, the best community in Texas.

I start in mid-June, and in the meantime, stay in touch on LinkedIn or via email. My personal email is: [cpritzlaff@verizon.net](mailto:cpritzlaff@verizon.net), and cell 972-746-0702.
