All proposed motorcycles to be in full compliance as follow.

This bid includes purchase and installation of listed equipment Police Harley-Davidson Motorcycle/s. The installation of the new emergency equipment shall be done in a manner that it appears to be factory Harley-Davidson (no butt splices, no crimp connector, no split loom shrouding). All connections will either use factory Harley-Davidson Deutsch Connectors or soldered connections with heat-shrink wrap. Harley-Davidson factory connectors shall be used in the areas that regularly need removed for service/replacement of parts (e.g. front PAR36 emergency light housing with LINV Whelen lighthoods or Whelen windshield array) **The installation shall include a workmanship/install warranty for the term of at least 2 years** and all work **shall be completed by a currently certified Harley-Davidson Level 5 Electrical Technician. Installation of Whelen lighthoods requires the sync function wire is connected in series front and rear to all lighthoods so the flash pattern is synchronized and set to a department approved pattern.**

Emergency Equipment Installation is covered by the factory 2yr and extended 3yr Longhorn Harley-Davidson warranty if equipment is purchased / installed at the time of new bike delivery from LHD.
