By City:

Carrollton=19

Farmers Branch=6

Addison=4

Coppell=2

Dallas=2

Metrocrest Services spearheaded the effort to count the unsheltered homeless in Carrollton, Farmers Branch, Addison, Coppell, and a portion of Dallas (in Denton County).

This count had never occurred for our community in the past. Amazing volunteers trekked out on the cold evening of January 24 from 8:00 p.m.-11:00 p.m. to locate individuals who were homeless. Homelessness is defined by Housing and Urban Development (HUD) as living outdoors or in a place not intended for human habitation, such as a car.

Total Volunteers=63

Volunteer Hours=249

(also assisted by 12 police officers)

In addition to the unsheltered count reported to HUD, Metrocrest Services felt it critical to also identify others in our community who, while not homeless from a HUD perspective, were housing unstable. This included school district students who were living in motels, doubling up with family or friends, or living in a shelter. We also attempted to identify how many of our residents lived in our motels.
