

Hello,

Here I like to give information about myself.

My name is Shahid Aziz and I am ex employee of Pepsico Inc.

My wife Salma Shaikh and Ex Stylist and beautician.

We have together three sons all grown up and moved out.

when they living here they also shared the mortgage but after they move out

we cannot afford the mortgage so we thinking to sell it but some of our friends give us a idea

to turn it partially to Air BNB and they also doing it successfully ,so we did the same way .

We are not only enjoying it but also keep us busy after retirement.

So I do not know what I should do if we are not able to run Air BNB.

We have only two rooms for Air BNB guest and most of the time we allowed only two guest at a time

to keep the traffic minimum.

We do our best to screen out guest and not allowed any kind of party or gathering.

If you have any question please do not hesitate to ask me.

Thanks

Shahid Aziz
Salma Shaikh.
