

MEMORANDUM

To: Mayor and City Council

From: Christel Pettinos, City Secretary

Date: July 23, 2019

Reference: Audio/Visual Recording Analysis for Work Sessions

At the April 24th Work Session, staff presented options for audio/visual streaming and recording of Work Sessions. City Council asked staff to provide a visual example of a recording. A beta test recording was setup during the June 11th Work Session in the 1st Floor Conference Room. The recording was conducted in-house using existing staff and equipment. Clips of the video will be available for viewing and discussion. The entire beta video of the Work Session can be viewed in the City Council's Sharepoint site:
