DISCUSSION:

The Saint Constantine School began operating a private Christian school at the Church of the Apostles location in August of 2025. This is their third campus with the other two being located in Houston and Pittsburgh. The school offers classes from Prekindergarten-3 through 12th grade. The hours are Monday through Friday from 8 a.m. to 4 p.m. and may extend to 5 p.m. for aftercare services in the upcoming year. Enrollment for the 1st year has 69 students from 32 families. For the upcoming year they have received 41 applications thus far. Not all students attend every day. They have 66 students Monday/Wednesday/Friday; 39 students Tuesday/Thursday and 3 coming “a la carte”.

The only concerns staff had initially with the original case were addressed by the Traffic Study & Circulation Plan. The plan showed stacking internal to the site and not from Starleaf Street; therefore, there was no conflict with Riverchase Elementary. The maximum vehicular queue was shown at 36 vehicles. There were up to 3 vehicles shown loading/unloading at a time with staff members present to assist.

Since the school has been in operation they have real-life observations. They conducted a car-line survey that showed a car-line ranging from 2 to 17 cars, about half of the maximum vehicular queue. All and all, staff is in support of the request and feels it is a good use of the space.
