## Rangeline Pipeline Services, LLC. - Terms and Conditions

1. **Rangeline** has issued this quotation based upon all information provided by the Customer.
2. All prices quoted are subject to current sales and use taxes. Any increase or enactment of new sales, use, excise or similar taxes shall be for the account of Customer.
3. The prices quoted above are based upon the quantities, sizes and operating conditions as listed above. Any changes in quantities, sizes or operating conditions of the system will void this quotation and a new quotation will be issued on the basis of changed information or operating conditions. Any projects that are booked and in progress that require changes in the quantities, sizes and/or operating conditions that differ with this quotation will be subject to pricing changes based upon new data related to the project.
4. In the case of unusual or non-typical pipe variations the customer will be subject to additional costs.
5. The base price quoted is the minimum charge for the number of days allowed and is not subject to pro-ration for work completed early. Time on site for calculating the base period and the additional days commences the day the technician or equipment are on the job site, and ends when equipment leaves the job site or customer's custody. Any additional days the equipment is on the job site will be paid by Customer at the per day charge quoted. When jobsite or travel days fall on weekends or holidays, the price quoted will be increased according to the job value.
6. **Rangeline** shall not be held liable for any back charges without prior written consent of **Rangeline**. **Rangeline** does not guarantee that the placement of the Line Stop head(s) into the pipe system the first time will provide a "Workable" shutdown. In the event it is necessary for **Rangeline** to remove the Line Stop head and replace a seal and make any adjustments to the head/equipment such activity shall not be considered a delay of work at the job site.
7. **Rangeline** makes every effort to ensure "OSHA" safe working conditions for its employees. Customer agrees and shall provide **Rangeline** employees with safe working conditions prior to entering the work place.
8. **Rangeline** cannot take responsibility for actions other than its own employees. **Rangeline** will be liable and will hold Customer harmless from the compensatory but not consequential damages caused solely by defect in **Rangeline's** equipment or caused solely by the negligence of **Rangeline** employees in the operation of the equipment. All other losses, costs, expenses, liability, or damages arising from or connected with the performance of the work will not be the responsibility of **Rangeline** and customer will indemnify and hold **Rangeline** harmless there from.
9. **Rangeline** makes no warranty on any purchased products. Please refer to manufacturer for details on warranty.
10. **Manufacturers of Valve Inserts do not guarantee a 100% shutdown. Rangeline cannot exceed the Manufacturers' guarantee of valve performance. We install all valve inserts as per manufacturers' specified procedures. NOTE: Valve Inserts are not designed to be pressure tested against. A 30% restocking fee will be assessed for all returned Valves.**
11. In the case of unusual line stopping conditions, **Rangeline** may require an owner of the piping system or their representative to be present during the pressure testing of materials and insertion of the Line Stop into their system
12. **Rangeline** will provide Tapping and Line Stopping equipment and a technician to operate equipment. Customer is responsible for providing all other equipment, supervision and labor necessary to complete the work including inspection, testing, safety and control equipment, lifting and moving equipment, etc.
13. Customer shall pay for all costs and expenses incurred by **Rangeline** because of rescheduling or cancellation by the customer for any reason including inclement weather.
14. In regards to concrete pipe only, the condition of the interior mortar lining may adversely affect the percentage of the amount recovered during tapping operation. **Rangeline** cannot be held responsible for any unforeseen, and or diminished conditions of such pipe.
15. **All materials fabricated for PCCP & RCP pipes are non returnable once fabricated. The customer is responsible for the accumulated costs of the materials, freight and sales tax for all these items once ordered. These materials are custom ordered and "NON RETURNABLE".**
16. The supply of bid and or performance bonds is excluded. We supply these bonds only when specifically stated on the quotation.
17. Any invoice unpaid for more than **30 days** will be subject to the maximum finance charges allowed by applicable state law. **Rangeline** does not allow retainage on any invoices.
18. Clerical errors are subject to correction.
19. Notwithstanding these terms and conditions or any amendments thereto or terms and conditions of the customer who may be deemed part of this agreement, **Rangeline** shall not be liable for any losses, costs, expenses, liability or damages arising from or connected with the performance of the work not covered by **Rangeline's** liability insurance in effect at the time of such loss, etc., and Customer shall hold **Rangeline** harmless for any loss, etc., in excess of coverage. **Rangeline** will provide Customer a certificate of its liability insurance upon request.
20. In the event it becomes necessary for **Rangeline** to retain legal counsel to enforce its rights the customer agrees that it shall be responsible for payment of all reasonable attorney's fees, expenses and costs incurred.
21. **Rangeline** shall not be held liable for any pipe which breaks or leaks as a result of material installation, tapping pipe, line stopping pipe or completion of line stop fitting. **Rangeline** follows all material manufacturers' installation procedures and operates all equipment to manufacturer's standards and cannot be held responsible for pipe which fails during the Tapping and Line Stopping operation.
22. **Rangeline** will take all means available to capture the pipe coupon. Pipe integrity, flow rates and other unknowns at the time of the Wet/Hot Tapping operation can be contributing factors. Therefore, **Rangeline** cannot be responsible for any lost or pieces of coupons which do not come out after the tap is performed.
23. **Rangeline** does not guarantee a 100% leak free Completion Plug installation. The Completion Plug is a temporary seal to remove the isolation valve to install the permanent blind flange and sealing hardware.
