Subject: "No Parking" Request - Enclaves Court

Follow Up Flag: Flag for follow up
Flag Status: Flagged

Hello George,

I am Bob Hill, president of the "Enclaves On The Parkway" Home Owners Association (HOA).

Request:

The HOA requests that the east curb of Enclaves Court, that borders house number 288, be designated by the City Of Coppell as a "No Parking" area. For clarity, this curb area extends from the stop sign to the fire hydrant.

Rational:

When cars park on both (east and west) sides of the street at the entrance of Enclaves Parkway, and this inhibits access to the neighborhood especially for emergency responder vehicles. As a culdesac, this is the only ingress/egress for the neighborhood.

This request has been discussed/approved by the HOA members, and is also agreed to individually by Zhiqing Wang, the owner of 288 Enclaves Court (972-215-8318).

Please let me know what communication you need from Enclaves HOA, and next steps.

Thank you,
Bob Hill
