Guaranteed Maximum Price Amendment

for the following PROJECT:

(Name and address or location)

City of Coppell Old Town Arts Center

THE OWNER:

(Name, legal status and address)

City of Coppell
255 Parkway Blvd
Coppell, TX 75019-9478

THE CONSTRUCTION MANAGER:

(Name, legal status and address)

CORE Construction Services of Texas, Inc.
10625 North County Rd.
Frisco, TX 75033

ARTICLE A.1

§ A.1.1 Guaranteed Maximum Price

Pursuant to Section 2.2.6 of the Agreement, the Owner and Construction Manager hereby amend the Agreement to establish a Guaranteed Maximum Price. As agreed by the Owner and Construction Manager, the Guaranteed Maximum Price is an amount that the Contract Sum shall not exceed. The Contract Sum consists of the Construction Manager's Fee plus the Cost of the Work, as that term is defined in Article 6 of this Agreement.

§ A.1.1.1 The Contract Sum is guaranteed by the Construction Manager not to exceed Fifteen Million Nine Hundred Thirty Four Thousand Five Hundred and Six Dollars (\$15,934,506.00), subject to additions and deductions by Change Order as provided in the Contract Documents.

§ A.1.1.2 Itemized Statement of the Guaranteed Maximum Price. Provided below is an itemized statement of the Guaranteed Maximum Price organized by trade categories, allowances, contingencies, alternates, the Construction Manager's Fee, and other items that comprise the Guaranteed Maximum Price.
(Provide below or reference an attachment.)

See Exhibit A

§ A.1.1.3 The Guaranteed Maximum Price is based on the following alternates, if any, which are described in the Contract Documents and are hereby accepted by the Owner:
(State the numbers or other identification of accepted alternates. If the Contract Documents permit the Owner to accept other alternates subsequent to the execution of this Amendment, attach a schedule of such other alternates showing the amount for each and the date when the amount expires.)

See Exhibit A

§ A.1.1.4 Allowances included in the Guaranteed Maximum Price, if any:

ADDITIONS AND DELETIONS:

The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

AIA Document A201™–2007, General Conditions of the Contract for Construction, is adopted in this document by reference. Do not use with other general conditions unless this document is modified.

(Identify allowance and state exclusions, if any, from the allowance price.)

Item	Price (\$0.00)
See Exhibit B	

§ A.1.1.5 Assumptions, if any, on which the Guaranteed Maximum Price is based:

See Exhibit C

§ A.1.1.6 The Guaranteed Maximum Price is based upon the following Supplementary and other Conditions of the Contract:

Document	Title	Date	Pages
See Exhibit D			

§ A.1.1.7 The Guaranteed Maximum Price is based upon the following Specifications:

(Either list the Specifications here, or refer to an exhibit attached to this Agreement.)

See Exhibit D

Section	Title	Date	Pages
---------	-------	------	-------

§ A.1.1.8 The Guaranteed Maximum Price is based upon the following Drawings:

(Either list the Drawings here, or refer to an exhibit attached to this Agreement.)

See Exhibit D

Number	Title	Date
--------	-------	------

§ A.1.1.9 The Guaranteed Maximum Price is based upon the following other documents and information:

(List any other documents or information here, or refer to an exhibit attached to this Agreement.)

See Exhibit D

ARTICLE A.2

§ A.2.1 The anticipated date of Substantial Completion established by this Amendment:

November 1, 2019 – See Exhibit E

**City of Coppel Old Town Arts Center
GMP Proposal
Coppel, Texas
June 7, 2018**

Assumptions and Clarifications

A. GENERAL ASSUMPTIONS/CLARIFICATIONS:

1. The proposal is based on the enumeration of documents provided in Exhibit D
2. A Construction Manager's Contingency is included. This contingency shall be used for estimating inaccuracies, unanticipated market conditions, lack of bidding competition, subcontractor defaults, and interfacing omissions between trades.
3. A/E Design Contingency is not included to cover completion of design and additional scope and design enhancement.
4. Owner's Construction Contingency (Change Order Contingency) is not included.
5. Owner's Project Contingency is not included.
6. A Core Construction payment and performance bond has been included.
7. Building permit fees have been excluded (By City of Coppel).
8. General conditions and schedule are based on a start date of Sept 4, 2018 with substantial completion 14 months later.

9. It is assumed that wage scale requirements are not applicable to this project. If a wage scale is applicable, the specific wage scale will need to be evaluated and could result in additional cost.
10. All value option credit pricing incorporated into the GMP proposal is subject to validation pending final design which may result in lesser or additional cost.

B. SITE

1. The indicated gravel has been included as 4" depth crushed limestone as no specification has been provided.
2. The indicated river cobble has been included as 4" depth, 2" to 3" dia Café River Rock as no specification has been provided.
3. The concrete retaining as indicated on 3 / L1.06 has not been included. It does not appear this detail is used.

C. ARCHITECTURAL

1. WF-1 (Perf Hall Stage and Black box) has been included according to the following system: 6 mil poly, bio cushion classic sleepers anchored to the slab at 12" OC, one layer of $\frac{3}{4}$ " plywood stapled to the sleepers, one layer of $\frac{1}{2}$ " thick plywood attached to the previous layer of plywood at 45 degrees from it, then a $\frac{1}{4}$ " thick top layer of Kem Lustral black enamel painted Masonite. The specified Plyron wood flooring system has not been included due to lack of availability.
2. WF-2 (Multipurpose room) has been included as a Robbins Defender System in lieu of the Connor Alliance as selected as basis of design. System includes a sprung floor system on sleepers. Finish wood will be white oak planks $\frac{3}{4}$ " x 2-1/4" second and better MFMA Select white oak, stained and sealed.

3. WF-3 (Walkways at Perf Hall) has been included according to the following system:
6 mil poly, bio cushion classic sleepers anchored to the slab at 12" OC, one layer of 3/4" plywood stapled to the sleepers, one layer of 25/32" thick (in lieu of specified 1" thick) select and better x 2-1/4" random length white oak finish, stained and sealed.
4. The wall mounted aluminum plate canopy at the north elevation of size 4' x 32'-3" has been priced using Avadek's pre-engineered parts for a similar look as indicated on the plans, i.e., not a custom product.

D. STRUCTURAL

1. It has been assumed that it will be allowable to drill and epoxy dowels into the floor slab for CMU walls in lieu of extending (bending bars) from the floor slab into the bottom of the CMU walls.

E. EQUIPMENT / FURNISHINGS

1. Fixed auditorium seating is based on using an allowance of \$320 / chair inclusive of integrated lighting.
2. Attic stock materials (additional motorized shades equal to a minimum of 5% of units installed) have not been included as there are (13) different sizes of shades and it would be cost prohibitive to include a replacement for each of the (13) different sizes.
3. The following equipment has not been included (Part of owner FF&E):
 - A) Orchestra Towers (a portion of the equipment specified in 11 61 13 – Concert Enclosure System)
 - B) 11 61 53 – Stage Lighting Instruments and Portable Equipment
 - C) 11 61 23 – Portable Platform System (Black box portable platform)
 - D) 12 62 16 – Portable Audience Seating (Black box seating)

4. Existing grades are assumed to be in accordance with the City of Coppell Invitation to bid documents dated May 29, 2018 for solicitation of pricing to essentially flatten the existing land and not in accordance with the Civil documents provided as part of the Construction documents as issued by Corgan and Associates dated 5/1/2018.

F. PLUMBING / HVAC

1. Cleaning of ductwork / air distribution system as indicated by specification section 23 31 13-3.7 has not been included. Duct will be kept clean per SMACNA duct cleanliness for new construction guidelines.
2. Integration of the controls system with the City of Coppell Web Supervisor Software has not been included for. It is assumed the City of Coppell will contract directly with TD industries to facilitate this integration.

G. ELECTRICAL

1. An allowance has been included for plug mold at dressing rooms per details 11, 14 & 16 / A04-30. No specification has been provided for this plug mold.
2. An allowance has been included for lighting / switching / circuiting for the lights shown mounted on the wall at dressing rooms per details 11, 14 & 16 / A04-30. No specifications or switching / circuiting has been provided for these lights.
3. A UL approved lightning protection system has been provided. Specifications have not been provided.
4. Surge protective devices for branch panels have not been included, however, they are called for in the specifications, but not indicated on the plans.

5. A surge protective device has been included for main switchboard MDP.
6. A fully conduited fire alarm system has been provided according to the plans and the intent of the specifications. Any changes by the Fire Department or other authorities having jurisdiction to the design resulting in additional scope will result in additional cost.
7. (2) 4" PVC conduits for primary power to the utility transformer have been included for a total length of 120 lf (exact distance required is not indicated on the documents).
8. (2) 4" PVC conduits for 110 lf with (3) 1-1/4" innerducts each from the CATV and Telcom Service from the Data room to the Burns Street Property line. Routing and termination location is not indicated on the documents.
9. Concrete encasement for the fire pump feeder has been included as indicated, however, concrete encasement has not been included for any other conduits (no requirement indicated).
