

MEMORANDUM

To: Mayor and City Council

From: Dennis Quinn, Director of Library Services

Date: August 13, 2019

Reference: Presentation and discussion relating to the ongoing development of Library programs and services

2030: Sense of Community
Residents and Businesses Engaged and Contributing to the Coppell Community
Successful Community Events and Festivals
Effective Community Partnerships
Community Wellness and Enrichment
Community Education Programs and Support of Top Quality Schools

General Information

In recent years, the Library has made concerted efforts on various fronts to more actively involve members of the local community in the development, implementation, and evolution of its programs and services. Two significant outgrowths of these efforts have been an array of Community Partnership programs developed by community members in tandem with Library staff, and a volunteer committee dedicated to helping ensure that the Library's programs and services reflect the diversity of our community.

More recently, community input received through the Bold Vision 2040 process indicated interest in continued development of city programs that strengthen community bonds and celebrate the variety of personal stories throughout our citizenry. Library Staff will provide an update on current and future development in Library programs and services informed by these factors.
