

Traffic Operations and Access Management

October 8, 2019
Work Session

Traffic Flow and Operations

- What is Access Management?
- Why do we need a Policy?
- What will change?
- Next Steps?

Street Type/Functional Classification	Assumed Operating Speed (mph)	Access Spacing Distance
Boulevard/Major Arterial	45	360'
Boulevard w/ Parking/Minor Arterial	40	305'
Avenue/Collector	35	250'
Local Commercial	30	200'

Functional Classification	Minimum Storage	Deceleration Length	Taper Length	Turn-Lane Length
Boulevard/Major Arterial	100'	215'	100'	315'
Boulevard w/ Parking/Minor Arterial	100'	110'	50'	210'
Avenue/Collector	50'	110'	50'	160'
Locals	50'	75'	50'	125'
