12. City Manager Reports - Project Updates and Future Agendas

City Manager Mike Land gave the following updates:

Airline – open to four lanes of traffic last week, contractors are working on the final punch list.

Cambria - paving operations continue - expected to be complete by end of October.

Plantation - sewer line work continuing as well as some water line work. Traffic pattern changes are being shared out regularly, as needed.

Intersection Improvements - The new signal equipment at Southwestern went live this morning, which will allow the paving at this intersection to be completed. The new signal equipment at Parkway should go live next week, which will allow paving operations to resume at this location. Reminder that the northeast corner has not started yet, and a change order for the trail extension in this area will be on the City Council agenda for consideration on September 28th. The change order for the right-turn lane at SH 121 will be on the October 12th agenda.

Belt Line - work will begin with a pre-phase for storm drain tie-ins in mid-October. This work will require limited lane closures. The first planned phase of construction that will result in the loss of three lanes of traffic will begin early November. Staff is working to get communication out related to the start of this project.

Grapevine Springs Park Dredging & Wall Repairs – dredging operations will be completed by the end of the week. The diversion wall contractor has one more concrete pour scheduled this week. They will start installing gabion baskets next week. This project should be completed by the end of October.
