STAFF REP.: Marcie Diamond

Staff Recommendation:

The Planning Department recommends approval of this PRELIMINARY PLAT with the following conditions:

1. There will be additional Engineering comments during detailed plan review.
2. Erosion/Slope stability has never been resolved. Provide a plan of action and we will have it reviewed by an outside consultant.
3. Walls built on top of the slope need to be designed to provide adequate support for the long term.
4. Add the notation "Building and Fence Setback Line" to Lot 25, Block D.
5. Correct the spelling of veneer in condition 8e.

The Planning Department recommends APPROVAL.
